

Maryland Ambulance Company Directory

Maryland Institute for Emergency Medical Services Systems
22 South Greene Street Baltimore, Maryland 21201

This directory of ambulance companies has been compiled by the Maryland Institute for Emergency Medical Services Systems - EMS Field Operations.

Ambulance companies are listed in the blue section, in order by counties as identified by the first two digits of the county/company code; the remaining digits represent the company number within each jurisdiction. Telephone numbers listed are non-emergency telephone numbers. All areas of the state utilize 9-1-1 for emergency access. Operational units within the company are identified on the last two lines of each listing when known. Also included are the administrative offices of local jurisdictions that have such a central administrative structure. Commercial ambulances are also indicated by the county/company code of "comm". and are listed at the end of this directory in the green section.

Some counties have provided a list of fire fighting units that do not provide transportation services as part of the Maryland EMS structure. The units may be utilized as first responders to emergencies and thus have been included in this directory as a separate yellow section. This listing is not a complete listing of such companies.

All corrections, updates or other modifications that become necessary should be addressed to the office indicated below for inclusion in future editions.

Kenneth L. Young
Associate Director
Prehospital Training and Certification
Maryland Institute for Emergency Medical
Services Systems
22. S. Greene Street
Baltimore, Md. 21201-1595
